

Bassant Gamal Elsayed

Teaching Assistant & Architect

PROFILE

I am a diligent teaching assistant and architect with well-developed skills and a deep-rooted passion for research and architectural education. My master's studies focused on urban regeneration in general and urban catalyst strategy in particular. I seek to expand my horizons in the fields of architectural and urban design, and I find immense joy in the collaborative exchange of ideas.

EDUCATION

- **Seminar for the research point of the master's thesis**
March 2023
My master's thesis relates to the urban development field and is entitled "Utilization Techniques of the Cultural and Creative Industries as an Urban Catalyst."
- **Master preparation Year**
September 2021 - Jun 2022
- **Bachelor's degree, Alexandria University - Faculty of Fine Arts - Architecture department**
September 2015 - July 2020
Grade: Very good with honors (84.80%).
Ranked: 4th place

WORK EXPERIENCE

- **Teaching Assistant at King Marriot Academy (KMA)**
2021 Till Now
I participated as a teaching assistant in a variety of academic subjects, whether architectural design, urban design, urban planning, or executive drawings.
- **Researcher Connect Program, British Council**
November 2022
It is a Communication Skills training that helps researchers better engage with national and international colleagues and communicate their research more effectively.
- **Interior Design Diploma**
Jun 2022 – October 2022
The interior design diploma includes defining client needs, the fundamentals of interior design, interior design styles, colors, materials, lighting techniques, furniture, and accessories.
